BIG IDEA:

Money can add meaning to your life, but money is not the meaning of life.

DISCUSS

How was money handled in your house when you were growing up?

Greed is the assumption that money is for our consumption. Is greed a temptation for you? If so, how?

Have you ever bought something to make you feel better? How did that work out for you?

Have you ever regretted following what Jesus teaches about money? Have you ever regretted not following what Jesus teaches about money? Explain.

Has your financial situation ever impacted whether you were able to do something you felt led to do? Explain.

What would your life look like if you viewed money as a tool to do something meaningful with your life?
